

# St. Paul's Lutheran School Lunch & Milk Program

## 2023-2024 School Year

St. Paul's operates a hot lunch program independent of government funding. We encourage all students in 3K-8th grade to enjoy a nutritious meal through our hot lunch program. More participation equates to a more sustainable program!

Monthly meal menus are prepared ahead of time and made available in the Wits & Bits, on the school website, and on your Jupiter Ed Materials tab. All school lunches include a free carton of milk.

We greatly appreciate monetary or food donations to the lunch program throughout the school year. If you'd like to donate, a donation list is available in the weekly Wits & Bits email.

When calculating the number of lunch/milk days, consideration was given for the following: a free Thanksgiving dinner, a half day of school on 2/14/23 that will not include hot lunch, and the last day of school includes the school picnic in which all students receive a free lunch as well.

### Making Payments

Lunch & Milk may be combined into one payment. Please refrain from combining Lunch & Milk Payments with tuition payments. We ask that lunches are prepaid (if difficulty arises, please speak with Mr. Buss). Prepaid lunches that are not used are encouraged to become donations to the lunch program.
